CARE AND MAINTENANCE INSTRUCTIONS

In this booklet you will find information on your **10 Year Residential Warranty** (back page) and the **Care and Maintenance Instructions** (inside pages) for your new Hideaway Concelo unit.

Attached inside is the **Actuator Release Tool**. Please keep this in a safe place as it is used to remove the Active Lid from your Hideaway Concelo Bin.

CARE AND MAINTENANCE INSTRUCTIONS:

Your Hideaway Concelo Bin has been designed so that key components can be easily removed for cleaning.

How to keep your Hideaway Concelo Bin clean:

- Remove the Active Lid, Liner Holders, Buckets, and Clip'n'Clean Trays.
- Use warm soapy water and a cloth to clean these parts.
- DO NOT WASH PLASTIC PARTS IN A DISHWASHER
- Avoid harsh abrasive cleaners.
- Once parts are clean and dry, fit all parts back into your bin.
- When cleaning other parts of your Concelo bin, try to avoid getting the runners, door brackets and fixings wet. However, if this happens ensure you dry these parts well to avoid any risk of corrosion.

Important information:

- Do not over fill your bin as contents could scratch the Active Lid.
- Refrain from pushing down on rubbish inside the buckets as this creates extra pressure on the fixings inside your cabinet.

Replacement parts for your Hideaway Concelo Bin can also be purchased online.
