HIDDEN
STORAGE
SOLUTIONS

INNOVATIVE HIDDEN STORAGE SOLUTIONS

Hideaway Bins are a simple answer for storing waste and recycling within the kitchen, hygienically disposing of bathroom waste or storing laundry.

Three intelligently designed, New Zealand made ranges are available, offering a simple and stylish space-saving solution. With each of the three ranges offering distinctive features, there is sure to be a Hideaway Bin to suit the requirements of any residential or commercial project.

UNIQUE HIDEAWAY® FEATURES

BENCH HEIGHT INSTALLATION

EASY ACCESS TO REAR BUCKET

KC240SCD

BENCH HEIGHT INSTALLATION

Most Hideaway Bins have the option of being mounted to the top of kitchen cabinets directly under the benchtop. This means the bins are at the optimal height for clearing waste directly off a benchtop. This reduces the amount of bending required when disposing of waste, since your waste bin is one of the things you use most in the kitchen.

EASY ACCESS TO REAR BUCKET

All Hideaway Bins are designed with over extension runners. This makes it easy to remove or empty the bin, without having to compromise on space optimisation and ergonomics. The rear bucket can be removed independently of the front bucket from beneath the bench top.

SOFT CLOSE & DELUXE RANGES

BUILT IN LIDS WITH ANTI-MICROBIAL PROTECTION

SC240D-W

BUILT IN LID

Hideaway is the pioneer of waste bins with a built in self closing lid. When you have a hand full of rubbish, you don't want to be juggling between opening a door and lifting a lid while trying not to spill rubbish.

The Hideaway lid is mounted to the top of the bin system inside the cabinet, and closes itself onto the buckets when the bin is closed, to control odours, while still keeping your hands free.

Built in lids are only available in the Hideaway Soft Close and Hideaway Deluxe ranges.

Refer to the Soft Close range info on pages 9/10 and Deluxe range info on pages 11/12.

CLINIKILL™ ANTI-MICROBIAL PROTECTION

The built in lids on Hideaway Soft Close and Hideaway Deluxe Bin ranges are treated with a Clinikill™ anti-microbial powder coating. This ensures your hidden bin solution is hygienic for the entire family or commercial environment.

How does Clinikill™ work?

Thanks to the power of silver ions within it, Clinikill™ shows an antimicrobial effect against a wide spectrum of bacteria, yeast and fungi.

SC150D-W

COMMERCIAL RECYCLING

HIDEAWAY® RECYCLING STATION

Make your recycling solution easy to use, durable and hygienic with Hideaway Bins.

Durability

Hideaway Bins are designed with quality materials to ensure the units withstand the challenges posed in a commercial environment. For strength, the framework is made from zinc treated steel which has also been powder coated for durability.

High quality runners are designed to hold up to 52kgs and they over extend so the bucket can be easily removed from beneath the benchtop.

Hideaway buckets are made from virgin polypropylene which give them the durability to withstand the rigors of continual use in a commercial environment.

Smart Design Features

The control of odours and bacteria is paramount within a commercial space. Hideaway Soft Close bins include a built-in lid that remains in the cupboard when the unit is open, but drops down over the buckets when the unit is closed assisting in odour control. The lid also has a Clinikill™ anti-microbial powder coat where the infused silver ions fight bacteria, yeast and fungi keeping the bin solution hygienic.

NOTE: The Hideaway Compact range is not recommended for commercial applications. Its use in this application will void the warranty.

Leave no permanent mark on the environment

COMPOSTABLE BIN LINERS

FROM CORN TO COMPOST

An innovative alternative to harmful plastic rubbish bags.

Hideaway Compostable Bin Liners are engineered to be strong and durable for use in kitchen bins yet break down easily in a compost environment and leave no harmful residue. Designed to perfectly fit our buckets, they will fit snugly around the rim of the bucket and come with handy drawstrings to make disposal easy and convenient.

Hideaway Compostable Bin Liners are designed to be a sustainable alternative to harmful plastic bags. They are made from a natural starch-based polymer derived from corn, and the printing is done with water based eco-friendly inks. They will break down in moist humid conditions in approximately 90 days, leaving no harmful residues.

Hideaway Compostable Bin Liners come in 2 sizes, and are available for purchase via our website: hideawaybins.co.nz/liners

15L & 20L bucket liners
460mm x 565mm

CBL1520 / Roll of 20 liners

35L & 40L bucket liners
560mm x 750mm

CBL3540 / Roll of 12 liners

Hideaway liners are produced by manufacturers certified to international standards for both Home and Commercial Composting.

HIDEAWAY® 35L & 40L BUCKETS WITH PATENTED AIR VENT SYSTEM

Four U-shaped air vents allow trapped air to escape through the lip of the bucket, as you push your bin liner into the bucket cavity.

This unique, patented design will eliminate the frustration of trapped air restricting your liner, maximising bin liner volume.

Patent No. (NZ) 597337 Patent No. (AUS) 2012100163
Design No. (NZ) 415678 (AUS) 341286

DURABLE BUCKETS

Hideaway buckets are made with virgin polypropylene, giving them the durability to cope with the tough daily demands of the kitchen environment. The food-grade polypropylene material is FDA (U.S.A) approved, meaning Hideaway buckets can be used for bulk food storage of dry food stuffs. At the end of the life-cycle, the bucket is fully recyclable to minimise environmental impact.

Bucket Options

Available in:

15L Bucket
White, Ghost Grey or Cinder

20L Bucket
White, Ghost Grey or Cinder

35L Bucket
White or Cinder

40L Bucket
White

50L Bucket
White

Laundry Hamper

Available in:

60L Hamper / White
Made from light-weight, recyclable polypropylene.

LINER HOLDERS

All buckets used in Hideaway Bins come with matching Liner Holders, to hold bin liner bags in place. This not only looks tidy, but ensures the liner bags don't slip inside the bucket.

Dimensions available on our website.

Liner Holders

Available in:

15L and 20L
White, Ghost Grey or Cinder
35L / White or Cinder
40L / White
50L / White

LAUNDRY STORAGE SOLUTIONS

2 x SCL160D-W

1 x SCLBM160D-W

Base Mount unit is ideal for use under a laundry chute.

HIDEAWAY® 60L LAUNDRY HAMPERS

Hide your laundry, store your extra linen or use as a removable washing basket - the Hideaway Soft Close Laundry Hamper is a high-quality storage solution for your home.

Two hampers can be installed side by side in your laundry to separate washing. Hideaway Laundry Hampers can also be integrated into wardrobe or bathroom cabinetry to discreetly hide laundry. The large 60L hamper is big enough to cope with a family load of washing and still be easy to remove and carry. Made from light-weight polypropylene, it features air vents to reduce moisture, moulded handles for easy grip and a solid base to prevent drips.

Two models are available: the Top and/or Side Mount unit and the ergonomic Base Mount unit. Both models are constructed with a robust powder coated steel frame designed to withstand the weight of wet washing. This innovative system is a must for your laundry!

NZ Patent No: 585372 AUS Patent Appl No: 2011100557

SCL160D-W / TOP/SIDE MOUNT MODEL
418mm w x 650mm h x 519mm d

COMMON FEATURES:

- 1 LIGHT-WEIGHT PLASTIC HAMPER**
Large 60L capacity. Made from light-weight, recyclable polypropylene. Moulded handles for easy removal. Air vents for ventilation.
- 2 SOFT CLOSE RUNNERS**
High quality German ball bearing soft close runners. 52kg dynamic weight loading.
- 3 BODY**
1.2mm zinc treated steel, powder coated for durability.
- 4 DOOR BRACKET ADJUSTMENT**
Vertical, horizontal and pitch adjustment provided in door bracket.

SCLBM160D-W / BASE MOUNT MODEL
417mm w x 635mm h x 520mm d

UNIQUE BASE MOUNT FEATURES:

- LAUNDRY CHUTE** - Because the unit is base mounted, this allows clear access to the top of the hamper, making it an ideal solution to use with a laundry chute.
- ERGONOMIC DESIGN** - Requires minimal effort to lift hamper from the frame - no high runners to clear.
- RUNNERS** - All moving parts are covered and runners are concealed to ensure clothing is not damaged when used with a laundry chute.
- HANDLE SUPPORT** - The handle support on the door fascia ensures the hamper locks in to place when used in conjunction with a laundry chute.

HIDEAWAY® SOFT CLOSE RANGE

SC220D-W

SOFT CLOSE FEATURES:

- 1 BUILT-IN LID**
Removable, foam-sprung friction-fitted lid that creates a seal across the bucket/s when the unit is closed, assisting in odour control.
- 2 CLINIKILL™**
The lid has a Clinikill™ antibacterial powder coat to fight harmful bacteria, yeast and fungi keeping the bin solution hygienic.
- 3 SOFT CLOSE RUNNERS**
High quality German ball bearing soft close runners.
- 4 BUCKETS**
Made from a recyclable, food-grade polypropylene plastic. Buckets come complete with a liner holder to hold your bin liner in place.

RECOMMENDED USES:

kitchen commercial recycle station

SC240D-W

RANGE SPECIFICATIONS:

- METAL FRAME**
1.2mm zinc treated steel, powder coated for durability.
- AIR VENTS**
Patented air vent system to maximise bin liner volume. 40L models only. See page 6 for more details.
- MOUNTING OPTIONS**
Top mount and/or side mount options to give greater design flexibility to install the bin in the optimal position.

- ADJUSTMENT**
Vertical, horizontal and pitch adjustment provided in door bracket. Forward/back adjustment is provided on the centre fixings of the top mount panel.

- RUNNER RATING**
Soft close over extension ball bearing runner. 47kg dynamic weight loading for SC140D & SC150D. 52kg dynamic weight loading for all other models.

- INSTALLATION INSTRUCTIONS**
All measurements given are internal (wall to wall) and are the minimum required to fit each unit.

- INSTALLATION OPTIONS:**
DOOR PULL - One Step Action. The front fascia of the cabinet is attached to the door bracket of the Hideaway Bin. The bin is accessible by simply pulling open the cabinet door.

- PRODUCT CODES**
Hideaway Bin codes appear in blue (eg SC240D-W). Use these codes when placing an order for your Hideaway Bin.

2 x 15 litre buckets

317mm w x 340mm h x 520mm d

- Available in:
SC215D-W / Door Pull / Arctic White
- 2 x units can be installed within the standard carcass height providing a four bin recycling solution.
- NOTE: Standard carcass height is 720mm internal and allows for a 16mm shelf.

2 x 15 litre buckets

317mm w x 340mm h x 520mm d

- Available in:
SC215D-G / Door Pull / Ghost Grey
- 2 x units can be installed within the standard carcass height providing a four bin recycling solution.
- NOTE: Standard carcass height is 720mm internal and allows for a 16mm shelf.

2 x 20 litre buckets

317mm w x 450mm h x 520mm d

- Available in:
SC220D-W / Door Pull / Arctic White
- Ideal recycling solution for the average family.

2 x 20 litre buckets

317mm w x 450mm h x 520mm d

- Available in:
SC220D-G / Door Pull / Ghost Grey
- Ideal recycling solution for the average family.

1 x 40 litre bucket

285mm w x 645mm h x 420mm d

- Available in:
SC140D-W / Door Pull / Arctic White
- Large bucket capacity for those looking for a single bin waste or recycling solution for areas of limited width.

2 x 40 litre buckets

418mm w x 645mm h x 520mm d

- Available in:
SC240D-W / Door Pull / Arctic White
- Largest available double bin solution - 80L. Ideal for commercial kitchens.

1 x 50 litre bucket

362mm w x 625mm h x 425mm d

- Available in:
SC150D-W / Door Pull / Arctic White
- Larger family or commercial / office kitchen.

Laundry Hamper Models

Refer to pages 7 & 8 for order codes and model information.

HIDEAWAY® DELUXE RANGE

DELUXE FEATURES:

RECOMMENDED USES:

kitchen

commercial

recycle station

- BUILT-IN LID**
Removable, foam-sprung friction-fitted lid that creates a seal across the bucket/s when the unit is closed, assisting in odour control.
- CLINIKILL™**
The lid has a Clinikill™ antibacterial powder coat to fight harmful bacteria, yeast and fungi keeping the bin solution hygienic.
- INSTALLATION OPTIONS**
Door pull, handle pull (illustrated to the right) and floor mount options. Floor mount models are a great retro-fit option.
- BUCKETS**
Made from a recyclable, food-grade polypropylene plastic. Buckets come complete with a liner holder to hold your bin liner in place.

KK4H

RANGE SPECIFICATIONS:

METAL FRAME

1.0mm zinc treated steel, powder coated for durability.

ADJUSTMENT

Vertical, horizontal and pitch adjustment provided in door bracket. Forward/back adjustment is provided on the centre fixings of the top mount panel.

RUNNER RATING

Manual open and close over extension ball bearing runner. 40kg dynamic weight loading for all models.

INSTALLATION INSTRUCTIONS

DOOR PULL - One Step Action. The front fascia of the cabinet is attached to the door bracket of the Hideaway Bin. The bin is accessible by simply pulling open the cabinet door.

HANDLE PULL - Two Step Action. The bin is accessible by opening the cupboard door and pulling out the bin using its handle.

See page 12 for more installation info.

PRODUCT CODES - Hideaway Bin codes appear in blue (eg **KK6D**). Use these codes when placing an order for your Hideaway Bin.

MODELS:

2 x 15 litre buckets
300mm w x 340mm h x 520mm d

Available in:
KK4H / Handle Pull / Arctic White
KK6D* / Door Pull / Arctic White

2 x units can be installed within the standard carcass height providing a four bin recycling solution. NOTE: Standard carcass height is 720mm internal and allows for a 16mm shelf.

2 x 20 litre buckets
300mm w x 450mm h x 520mm d

Available in:
KK12H / Handle Pull / Arctic White
KK12D* / Door Pull / Arctic White

1 x 50 litre bucket
340mm w x 625mm h x 417mm d

Available in:
KK8D / Door Pull / Arctic White

FLOOR MOUNT SOLUTIONS

KCF215SCH

When it's not possible to find space to mount your bin at bench height, Hideaway has a range of bin solutions that can mount to the base or floor of a cabinet. Single bucket options are suitable for small spaces, such as bathroom vanities or tight under sink spaces. Double bucket models can be used for waste and recycling where space allows. Installation is simple, making these a great option for DIY projects or retrofitting to existing cabinets.

Hideaway Compact Base Mount Solutions:

See Compact page for product features (refer page 15).

1 x 15 litre bucket Floor Mounted
258mm w x 305mm h x 358mm d

Available in:
KCF115SCH* / Handle Pull / Arctic White

1 x 20 litre bucket Floor Mounted
258mm w x 408mm h x 358mm d

Available in:
KCF120SCH* / Handle Pull / Arctic White

2 x 15 litre buckets Floor Mounted
306mm w x 348mm h x 520mm d

Available in:
KK4F* / Handle Pull / Arctic White

Quality under sink solution with built in lid to control odours.

2 x 15 litre buckets Floor Mounted
298mm w x 308mm h x 510mm d

Available in:
KCF215SCH* / Handle Pull / Arctic White
KCF215SCD / Door Pull / Arctic White

2 x 20 litre buckets Floor Mounted
298mm w x 408mm h x 510mm d

Available in:
KCF220SCH* / Handle Pull / Arctic White
KCF220SCD / Door Pull / Arctic White

DELUXE & FLOOR MOUNT INSTALLATION INSTRUCTIONS - All measurements given are internal (wall to wall) and are the minimum required to fit each unit.

IMPORTANT NOTE FOR HANDLE PULL MODELS - Models **KK4H**, **KK12H**, **KK4F**, **KCF115SCH**, **KCF120SCH**, **KCF215SCH**, **KCF220SCH** - if hinges are used that do not allow the door to clear the opening fully, allow an extra 10mm width. Installation also requires that the top door hinge be 150mm from the top of the door to allow clearance for the bin handle.

COMPACT STORAGE SOLUTIONS

KC40SCD

KC15SCD

HIDEAWAY® 15L BINS FOR AREAS WITH LIMITED SPACE

Use the 15L bin for disposal of your bathroom waste. The Hideaway Compact 15L bin allows sink plumbing to be directed behind the bin, allowing more room in the other drawers or cupboards for personal items.

IDEAS: A single 15L Hideaway Compact bin could also be installed beneath a shelf or sink to hold bulk laundry powder or used as a space-saving waste solution for motor homes.

KC15SCH

KC15SCH

HIDEAWAY® COMPACT RANGE

KC40SCD

RECOMMENDED USES:

KC30SCD

COMPACT FEATURES:

COMPACT

Compact design to maximise space utilisation – the biggest bucket for the smallest space.

- 1 **SOFT CLOSE RUNNERS**
High quality ball bearing soft close runners for smooth, light movement.
- 2 **INSTALLATION OPTIONS**
Door pull (illustrated above), handle pull and floor mount options. Floor mount models are a great retro-fit option (refer page 12).
- 3 **PUSH TO OPEN**
Compatible with electronic systems for handleless push to open functionality.

RANGE SPECIFICATIONS:

METAL FRAME

1.0mm zinc treated steel, powder coated for durability.

DOOR BRACKET ADJUSTMENT

Vertical, horizontal and pitch adjustment provided in door bracket.

RUNNER RATING

Soft close over extension ball bearing runner. 45kg dynamic weight loading for KC235 and KC240 models. 38kg dynamic weight loading for all other models.

BUCKETS

Made from a recyclable, food-grade polypropylene plastic. Buckets come complete with a liner holder to hold your bin liner in place.

AIR VENTS

Patented air vent system to maximise bin liner volume. 35L and 40L models only. See page 6 for more details.

INSTALLATION INSTRUCTIONS

DOOR PULL - One Step Action. The front fascia of the cabinet is attached to the door bracket of the Hideaway Bin. The bin is accessible by simply pulling open the cabinet door.

HANDLE PULL - Two Step Action. The bin is accessible by opening the cupboard door and pulling out the bin using its handle.

PRODUCT CODES - Hideaway Bin codes appear in blue (eg **KC30SCD**). Use these codes when placing an order for your Hideaway Bin.

1 x 15 litre bucket

260mm w x 310mm h x 360mm d

Available in:

KC15SCH* / Handle Pull / Arctic White
KC15SCD / Door Pull / Arctic White

Bathroom vanities or motor homes.

2 x 15 litre buckets

300mm w x 310mm h x 510mm d

Available in:

KC30SCH / Handle Pull / Arctic White
KC30SCD* / Door Pull / Arctic White

2 x units can be installed within a 720mm standard carcass height providing a four bin recycling solution. Allows for 16mm shelf.

1 x 20 litre bucket

260mm w x 415mm h x 360mm d

Available in:

KC20SCH* / Handle Pull / Arctic White
KC20SCD / Door Pull / Arctic White

Ideal for cabinets with limited space.

2 x 20 litre buckets

300mm w x 415mm h x 510mm d

Available in:

KC40SCH / Handle Pull / Arctic White
KC40SCD* / Door Pull / Arctic White

Ideal recycling solution for the average family.

2 x 35 litre buckets

368mm w x 615mm h x 518mm d

Available in:

KC235SCH / Handle Pull / Arctic White
KC235SCD* / Door Pull / Arctic White

Large 70L capacity, yet fits a 400mm wide cabinet.

1 x 40 litre bucket

268mm w x 615mm h x 440mm d

Available in:

KC140SCH / Handle Pull / Arctic White
KC140SCD* / Door Pull / Arctic White

Large bucket capacity for those looking for a single bin waste or recycling solution for areas of limited width. Ideal for 300mm wide cabinet.

2 x 40 litre buckets

418mm w x 615mm h x 518mm d

Available in:

KC240SCH / Handle Pull / Arctic White
KC240SCD* / Door Pull / Arctic White

Largest available double bin solution - 80L.

1 x 50 litre bucket

340mm w x 590mm h x 440mm d

Available in:

KC50SCH* / Handle Pull / Arctic White
KC50SCD / Door Pull / Arctic White

Ideal for a larger family kitchen.

INSTALLATION INSTRUCTIONS - All measurements given are internal (wall to wall) and are the minimum required to fit each unit.

IMPORTANT NOTE FOR HANDLE PULL MODELS - KC15SCH, KC20SCH, KC140SCH, KC30SCH, KC40SCH, KC235SCH, KC240SCH and KC50SCH - Allowance should be made for the width of the bin to clear the door and hinge mechanisms. Installation also requires that the top door hinge be 150mm from the top of the door to allow clearance for the bin handle.

NOTE: The Hideaway Compact range is not recommended for commercial applications. Its use in this application will void the warranty. NZ Patent No: 530285 AUS Patent No: 2004240179

PROUDLY NEW ZEALAND MADE

Hideaway Bins are designed and made in New Zealand by Kitchen King® Ltd and have a strong local and international reputation for the quality and innovation of their hidden storage solutions.

Kitchen King is a 100% family owned and operated business and has been under the direction of the Bertelsen family since 2006. Our company is run with joint directorship by close father and daughter team, Allen and Jamie Bertelsen.

Our team at Kitchen King not only manufacture and distribute Hideaway Bins but have expanded to include research and design, to ensure we are able to release new and innovative products to the market as required.

With an industry leading engineering and manufacturing process the team at Kitchen King continue to produce creative solutions for both residential and commercial storage, waste and recycling requirements.

METAL MANUFACTURING

The framework of Hideaway Bins are manufactured using 1.0-1.2mm zinc treated steel to provide excellent strength and durability. All componentry is made using cutting edge sheet metal technology, including CNC cutting, punching and forming to ensure we are using the best possible manufacturing solutions.

UNIQUE POWDER COATING

All metal components are powder coated to provide a tough yet attractive finish. To improve the overall resistance of the coating, all individual metal parts undergo an iron phosphate pre-treatment and are then subjected to an acidic bath. The powder coat is then electrostatically charged to ensure even coverage, and applied manually using a hand gun to ensure maximum coverage. The powder coating is then cured under heat to allow it to form a hard finish.

BUCKET MANUFACTURING

Kitchen King has designed and invested in tooling to create our range of Hideaway buckets.

All Hideaway buckets are produced to stringent quality standards. Being made from virgin materials ensures the finished product has outstanding durability and is fully recyclable.

BIN ASSEMBLY

Once all Hideaway Bin components are ready for assembly, our Product Technicians assemble the bins by hand at our warehouse in Silverdale, Auckland, NZ. This assembly process allows for all parts to be hand checked to ensure the highest quality end product.

HOW TO ORDER

Homeowners can purchase bins and accessories from our website: hideawaybins.co.nz

Trade customers can purchase Hideaway Bins from our distributors...
